English Proficiency Assessment Report

Candidate Information

- **Name:** Bagas Prasetyo
- **Role:** Backend Developer
- **Overall CEFR Level:** B1 — Intermediate — Able to communicate in general situations

Sub-scores

- **Reading:** B1
 - **Descriptor:** Bagas demonstrates a competent ability to understand the main ideas and some details in texts related to everyday life and work. He can read technical documents relevant to his field, although he may require some time to comprehend complex vocabulary or structures.
- **Writing:** B1
 - **Descriptor:** Bagas is able to write clear and coherent texts on familiar topics, such as project documentation or emails. He shows a good command of basic grammar and vocabulary but may make occasional errors that do not impede understanding.
- **Listening:** B1
 - **Descriptor:** Bagas can understand the main points of clear standard speech on familiar matters encountered in work and leisure. He is able to follow conversations in a work environment, though he may struggle with faster speech or idiomatic expressions.
- **Speaking:** B1
 - **Descriptor:** Bagas can produce simple connected text on topics that are familiar to him. He is capable of engaging in conversations on professional matters, but he may hesitate and search for words at times, particularly with more complex ideas.

Overall Recommendation

Bagas Prasetyo's English proficiency at the B1 level indicates that he possesses the necessary skills to communicate effectively in general situations and in his role as a Backend Developer. To enhance his proficiency further, it is recommended that he engages in practice through technical discussions, reading specialized literature, and participating in more interactive speaking opportunities. Continued exposure to English in both professional
