Sub-scores

1. **Reading: C1**

- **Descriptor:** Citra demonstrates the ability to read and understand complex texts, including technical documentation and literature relevant to cloud infrastructure. She can efficiently extract detailed information and interpret nuances in meaning.

2. **Writing: C1**

- **Descriptor:** Citra possesses strong writing skills, allowing her to produce clear, well-structured, and detailed texts on technical subjects. She is capable of crafting reports, emails, and documentation that effectively communicate intricate ideas and concepts.

3. **Listening: B2-C1**

- **Descriptor:** Citra shows a high level of comprehension when listening to discussions and presentations about technical topics. While she generally understands spoken language well, she occasionally requires clarification on advanced or rapidly delivered content.

4. **Speaking: B2-C1**

- **Descriptor:** Citra is able to engage in discussions on technical subjects with confidence and fluency. She articulates her thoughts clearly and can adapt her speech to a variety of audiences. Minor hesitations may occur during intricate discussions, but overall, she communicates effectively.

Overall Recommendation

Citra Dewi Lestari demonstrates a high level of English proficiency, suitable for her role as a Cloud Infrastructure Engineer. Her reading and writing skills are particularly strong, allowing her to engage with technical materials and documentation effectively. While her listening and speaking skills are slightly below the C1 level, they are still highly competent and functional for professional interactions.

Recommendation: It is
