- **Speaking:** B2-C1

Skill Descriptors

Reading

Eka demonstrates a high level of proficiency in reading, with the ability to understand complex texts related to cybersecurity and other professional domains. She can efficiently extract relevant information, analyze arguments, and synthesize data from various sources. Her comprehension skills allow her to engage with both technical documentation and broader organizational communications with confidence.

Writing

Eka's writing skills are at a C1 level, characterized by her ability to produce clear, well-structured texts on complex subjects. She can effectively convey her thoughts and ideas in a cohesive manner, using appropriate technical language and terminology pertinent to her field. Her written communications are concise and tailored to the intended audience, showcasing her proficiency in report writing and documentation.

Listening

Eka excels in listening comprehension at the C1 level. She can understand a wide range of spoken materials, including lectures, discussions, and technical presentations. Her ability to follow intricate arguments and respond appropriately demonstrates her strong listening skills, which are essential for effective collaboration in a cybersecurity environment.

Speaking

Eka's speaking skills range from B2 to C1. She demonstrates fluency and spontaneity in conversation, particularly in discussions related to her field. While she communicates effectively and articulately, there are instances where her confidence may fluctuate, leading to slight hesitations. Nevertheless, she is capable of presenting complex ideas clearly and engaging in professional dialogues.
