Technical Assessment — Kartika Sari Dewi

Nama: Kartika Sari Dewi | Jabatan: Talent Acquisition Specialist

Skor Total: 72/100

Technical Assessment Report

Candidate Name: Kartika Sari Dewi

Role: Talent Acquisition Specialist

Score: 72/100

Score Breakdown

| Category | Score (out of 100) |

|-----|-----|

| Sourcing | 75 |

| Applicant Tracking Systems (ATS) | 70 |

| Behavioral Interviewing | 70 |

| Overall Understanding of Talent Acquisition | 75 |

Strengths Observed

- **Effective Sourcing Skills:** Demonstrated a solid understanding of various sourcing techniques and platforms, showcasing the ability to identify and attract potential candidates effectively.
- **Knowledge of ATS:** Familiarity with ATS functionalities was evident, indicating a good grasp of how to leverage technology in streamlining the recruitment process.
- **Behavioral Interviewing Techniques:** Showed capability in conducting behavioral interviews and assessing candidates based on competencies, which is essential for aligning candidates with organizational culture.

Areas for Improvement

- **Enhancing ATS Utilization:** Although knowledgeable about ATS, there is room for improvement in maximizing its functionalities to improve candidate tracking and reporting.
- **Interviewing Consistency:** While behavioral interviewing was executed well, developing a more structured approach to ensure consistency across interviews would enhance the overall assessment process.

Overall Recommendation

Kartika Sari Dewi has demonstrated a competent understanding of the key skills required for the role of a Talent Acquisition Specialist. With a score of 72/100, she shows promise in sourcing and utilizing ATS effectively, though there are opportunities to refine her interviewing techniques and ATS utilization. It is recommended to consider her for the position, with the suggestion of providing training and mentorship in the noted areas for improvement to further enhance her capabilities in the role.
