| <b>Total</b>    | <b>100</b>    | <b>74</b>      |

## # Strengths Observed

- **Solid Understanding of Brand Strategy:** Mega demonstrated a clear grasp of essential brand strategy concepts, showcasing an ability to align brand vision with overall business objectives.
- **Effective Communication Skills:** The candidate effectively articulated ideas and strategies, displaying strong presentation skills that are crucial for a Brand Manager role.
- **Analytical Approach to Market Research:** Mega showed competence in interpreting market data and trends, which is vital for making informed branding decisions.

## # Areas for Improvement

- **Detailing ATL/BTL Strategies:** While Mega has a foundational understanding of ATL and BTL marketing, there is room for improvement in developing comprehensive campaign strategies that integrate both approaches effectively.
- **Deepening Market Research Techniques:** Further enhancement of qualitative and quantitative research methods could strengthen her ability to derive actionable insights from market data.

## # Overall Recommendation

Mega Wulandari Agung has demonstrated a solid foundation in brand management with strengths in brand strategy, communication, and analytical skills. With targeted improvements in ATL/BTL strategy development and market research techniques, she has the potential to excel in the Brand Manager role. It is recommended to consider her for the position, with an emphasis on professional development in the identified areas for growth.
