Technical Assessment — Nanda Putra Wijaya

Nama: Nanda Putra Wijaya | Jabatan: Digital Marketing Specialist

Skor Total: 77/100

Technical Assessment Report

Candidate Name: Nanda Putra Wijaya

Role: Digital Marketing Specialist

Score: 77/100

Score Breakdown

| Category | Score (out of 100) |

|-----|-----|

| SEO/SEM | 80 |

| Google Ads | 75 |

| Meta Ads | 75 |

| Overall Knowledge | 75 |

Strengths Observed

- **Strong SEO/SEM Knowledge:** Nanda demonstrated a comprehensive understanding of SEO best practices and strategies, showcasing the ability to optimize content effectively for better search engine visibility.
- **Proficient in Ad Platforms:** Displayed solid skills in managing Google Ads and Meta Ads campaigns, including the ability to set up targeting parameters and analyze performance metrics.
- **Analytical Skills:** Exhibited an ability to interpret data from campaigns and make informed recommendations to improve performance, indicating a strong analytical mindset.

Areas for Improvement

- **Google Ads Optimization:** While Nanda has a good foundational knowledge of Google Ads, further development in advanced optimization techniques and A/B testing strategies could enhance campaign performance.
- **Meta Ads Strategy:** There is room for improvement in understanding audience segmentation and retargeting strategies within Meta Ads, which can lead to more effective campaign outcomes.

Overall Recommendation

Nanda Putra Wijaya has shown a commendable understanding of digital marketing skills, particularly in SEO/SEM and ad management. With a score of 77/100, he demonstrates a solid foundation for the role of Digital Marketing Specialist. However, focusing on advanced techniques in Google Ads and enhancing strategies for Meta Ads will be beneficial for his professional development. Overall, I recommend considering Nanda for the position, with an emphasis on supporting his growth in the identified areas for improvement.
