English Proficiency Assessment Report

****Name:**** Rizky Firmansyah

****Role:**** Logistics Manager

****Overall CEFR Level:**** A2 — Elementary — dapat memahami kalimat sederhana

Sub-scores

- ****Reading:**** A2

Rizky demonstrates the ability to read and comprehend simple texts, such as short emails and basic instructions. He can understand familiar names, words, and very simple sentences, which allows him to gather essential information related to his work in logistics.

- ****Writing:**** A2

Rizky is capable of writing short and simple messages, including basic emails and notes. His writing consists of simple sentences and phrases, though he may struggle with more complex structures. Overall, he can convey basic information but requires assistance with spelling and grammar.

- ****Listening:**** A2

Rizky understands basic spoken language when it is slow and clear. He can follow simple conversations and instructions, particularly in familiar contexts. However, he may have difficulty understanding native speakers when they speak quickly or use complex vocabulary.

- ****Speaking:**** A2

Rizky can produce simple spoken sentences and engage in basic conversations about familiar topics. He can ask and answer questions about personal information and daily activities but may find it challenging to express more complex ideas or handle unexpected topics.

Overall Recommendation

Given Rizky's current A2 level proficiency in English, it is recommended that he engage in targeted language training to improve his skills, particularly in speaking and listening. Practical exercises, such as role-playing in logistics scenarios and listening practice with slow-paced dialogues, can enhance his confidence and fluency. Regular practice will enable Rizky to progress towards a higher proficiency level, allowing him to communicate more effectively in his role as Logistics Manager.
